

NECROMANCY

The green art

The Black Legend

As you may know, Necromancy is seen as immoral and vile.

This is a **LIE** created and perpetuated by the, **UTTERLY WICKED**, “Paladin Order against Evil”. A terrorist organization formed to **ERADICATE** the dark arts.

The **GREEN** TRUTH

Necromancy is actually a ***beautiful, useful*** and ***benevolent*** art.
Created to help the whole world. How? You might ask, well...

By **RECYCLING** of course, it turns the dead from a **burden** to
undead servants **ready to use** in the battlefield and what's even
better is that this also **creates more jobs** dedicated to fighting them.

Remember the 4 R's

- Reduce
- Reuse
- Recycle
- Resurrect

Conclusion

Necromancy is the way forwards to a cleaner and more economically stable future.

"Be green, be undead"
